DIRECTIONS

Using the Internet and any free program you find, create an interactive game or puzzle for your discipline and grade. (DO NOT CREATE A WORD SEARCH!!)

If possible, print the activity and staple it to this handout before submitting it to your instructor. Regardless, you **MUST** provide the instructor with directions (including login and password if necessary) for finding and completing your activity on the Internet. You may be required to create a class roster and enter your instructor as a student. (For this assignment, **YOU** are the teacher and your instructor is the student.)
