

## Publication List

Jeffrey Beyerl

**Title:** Divisibility of an Eigenform by Another Eigenform

**Coauthors:** Kevin James and Hui Xue

**Journal:** Proceedings of the AMS

**Status:** To Appear

**Title:** Products of Nearly Holomorphic Eigenforms

**Coauthors:** Kevin James, Catherine Trentacoste, and Hui Xue

**Journal:** The Ramanujan Journal

**Full Citation:** Products of nearly holomorphic eigenforms, Jeffrey Beyerl, Kevin James, Catherine Trentacoste and Hui Xue, The Ramanujan Journal, Volume 27, Number 3, pages 377-386

**Title:** Pullbacks of Eisenstein series and weighted averages of critical L-values

**Coauthors:** Nadine Amersi, Jim Brown, Allison Proffer, and Larry Rolen (REU Paper)

**Journal:** The Ramanujan Journal

**Full Citation:** Pullbacks of Siegel Eisenstein series and weighted averages of critical L-values, Nadine Amersi, Jeffrey Beyerl, Jim Brown, Allison Proffer and Larry Rolen, The Ramanujan Journal, Volume 27, Number 2, pages 151-162

**Title:** Generation in the Bingo Closure

**Coauthors:** John Bowman Light and Robert Jamison

**Journal:** Congresses Numerantium, Volume 195 (Conference Proceedings)

**Full Citation:** Depth in Bingo Closure. Jeffrey J. Beyerl, Robert E. Jamison, J. Bowman Light, In Proceedings of the Fortieth Southeastern International Conference on Combinatorics, Graph Theory and Computing, Congressus Numerantium, volume 198, pages 151-156, 2009

**Title:** Interval graphs where no interval contains two others

**Coauthors:** Robert Jamison

**Journal:** Congresses Numerantium, Volume 189 (Conference Proceedings)

**Full Citation:** Interval Graphs with Containment Restrictions. Jeffrey J. Beyerl, Robert E. Jamison, In Proceedings of the Thirty-Ninth Southeastern International Conference on Combinatorics, Graph Theory and Computing, Congressus Numerantium, volume 191, pages 117-128, 2008
