

Principles of Biology Spring 2008 (Sections 21651, 21656, 21661)
1440 Lecture 6:00 pm - 9:00 pm Tuesday Lewis Science Center 100
Dr. Barbara Clancy

Tuesday	Thursday
January 8	January 10 Classes begin
January 15 Chapter 1 Science of Biology & Chapter 2 Molecules	January 17
January 22 Chapters 2 & 3 Building Blocks of Life	January 24
January 29 <u>Test 1 (100 points -on Chapters 1, 2, 3)</u> Chapter 4 - Cells	January 31
February 5 Chapter 5 - Membranes	February 7
February 12 Chapter 6 Energy and Enzymes	February 14
February 17 <u>Test 2 (100 points -on Chapters 4, 5, 6 & cumulative)</u> Chapter 7 Cellular respiration	February 21
February 26 Chapter 8 Photosynthesis	February 28
March 4 Chapter 9 Cell Communication	March 6
March 11 <u>Test 3 (100 points -on Chapters 7, 8, 9 & cumulative)</u> Chapter 10 How Cells Divide	March 13
March 18 Chapter 11 Sexual reproduction	March 20
March 25 Spring Break	March 27 Spring Break
April 1 Chapter 12 Meiosis	April 3
April 8 <u>Test 4 (100 points -on Chapters 10, 11, 12 & cumulative)</u> Chapter 13 Chromosomes	April 10
April 15 Chapter 14 DNA	April 17
April 22 Chapter 15 Genes	April 24
April 29 No class	May 1 6-8 pm <u>Test 5 (Final) 200 points</u> 1/2 on Chapters 13, 14 and 15 1/2 Cumulative

On some occasions, this schedule may be altered to best serve the needs of the class.
