

## **Websites for Teachers**

**\*\*Always check out the website before you direct your students to a specific website or webpage. They can be perfectly acceptable one day, and the next time you access the site it is not the same material. These sites were acceptable academic sites when this document was prepared. I encourage you to add to this list throughout the semester. BLM**

<http://ArkEdu.state.ar.us> (Download frameworks for math, science, and social studies)
